

DELIVERY RUBRIC

DEEPENING LEARNER UNDERSTANDING

Check the appropriate level of implementation.

Exchanging ideas and making critical sense of new learning.

GUIDING PRINCIPLE:

All formal learning involves understanding ideas embedded in a knowledge system. In classrooms where this knowledge is clearly defined, organized, and linked to previous knowledge, learning is enhanced.

1

Teachers in our school rarely use the interactive lecture strategies described in this chapter.

2

Teachers in our school sometimes use the interactive lecture techniques described in this chapter.

3

Teachers in our school often use the interactive lecture techniques described in this chapter.

4

Teachers in our school always use the interactive lecture techniques described in this chapter.

Reliable Indicators:

- General overview and rationale for lesson content
- Whole-group instruction, with brisk consistent exchange of key ideas
- Focused questions with clarification and feedback
- Verbal praise for active participation
- “Wait time” for student response
- Humor
- Closing summary
